Fire-Fighting Level 2 training
progresses fire-responder to a
higher level of skill at using fire-
fighting techniques & equipment.

Course Content & Outcomes

- Fire policy and procedures in the workplace including prevention strategies and safety procedures (fire defence policy; fire prevention; Industry safe practices; evacuation).
- Identifying types of fires, fire contexts and selecting the appropriate fire fighting procedure (theory of fire and fire spread; causes of fires; classes of fires: fire behaviour: phases of a fire; extinguishing methods).
- Firm understanding of how the equipment is to be used to its full potential - identifying, selecting and checking appropriate fire fighting equipment (fire hoses, portable fire extinguishers, buckets and fixed extinguisher systems) and safety equipment (breathing apparatus awareness, fire blankets).
- Fighting containable/extinguishable fires including fire monitoring changes in the fire.
- Retreating from fire site and handing over to appropriate personnel.
- Reporting/recording the status of a fire and equipment (check & service recording of equipment).
- Practical training and participation in dry powder fire extinguishers, hose and hydrant drills.
- Basic life support and care for burns.

Background & Context

This extended basic fire fighting course will be enable employees to fight insipient-stage fires in the workplace using basic fire fighting equipment. This fire fighting course incorporates the specific outcomes and assessment criteria of the SAQA registered Unit Standard 12484. The course covers topics such as identifying the type of fire, evaluating its context and selecting the appropriate fire fighting procedure; identifying, selecting and checking appropriate fire fighting and safety equipment; fighting containable/extinguishable fires; retreating from fire site and handing over to appropriate personnel; reporting/recording the status of fire and equipment; basic life support and care for burns. COVID-19 protocols as directed are covered in this course.
